EPIDEMIC OF FIRES SWEEPS LOCAL AREAS

A great many fires in this area have recently taxed the facilities of the Mokena, New Lenox, Frankfort, Tinley Park and Orland Park volunteer fire departments. These fires were in most instances, started by responsible citizens in an effort to clean up weeds, burn leaves, grass, etc., but, under prevailing drought conditions, which are very serious, the fires soon got out of hand and menaced nearby structures, necessitating a call to the fire department.

For example, the Frankfort fire department was called out several times in one day last week. Each time it was to put out a grass fire which, with the tinder dry grass and strong winds had reached menacing proportions.

The Mokena fire department was called into service almost every day last week, several times a day in most instances to extinguish grass and rubbish fires that were out of control.

Last Thursday when the Mokena fire department was assisting fighting the fire at the Fred Scheel farm west of Mokena, a call came in from Alpine to help fight a large grass fire there; the same day the vacant lot next to the Vaughn home west of Mokena was on fire and needed help of the Mokena fire fighters; it blazed out again several hours later when the department was again called. There was a large grass fire at the Ted Walker farm in New Lenox west of Mokena and the same day W. D. Roberts lost 20 acres of new seeding alfalfa when his field burned.

Sunday the corn field back of homes on Front street, extending west of Wolf road caused quite a stir and needed the Mokena fire lads.

Another fire, that could have caused great damage was when, Angelo LaFrino of Chicago came out to his land on West Front street, Mokena and burned some rubbish, the rather high wind took it directly to his adjoining neighbor, Martin Medema when it burned his clover hay. A fire from burning rubbish, corner Midland and First street, Mokena, Sunday, made a number of neighboring men and people hustle to get it under control.

At a fire at Alpine last Thursday three fire trucks were kept busy, while the Mokena fire department was engaged in putting out a fire at the Fred Scheel farm timberland.

Last Saturday, a \$16,000 fire swept through five farm buildings on the Gilbert Morrison farm just south of Routes 45 and 52 on route 45, destroying not only the structures but the farm crops and machinery that were stored there. Both the Frankfort, Peotone and other volunteer departments were called, and worked for six hours trying to save the other farm buildings.

It is obvious that under the present drought conditions, where everything is as dry as tinder, takes but a spark to set off a conflagration, the only remedy for the epidemic of fires is not to start one. Therefore, people are urged to refrain from starting any kind of a fire, except, of course, for heating purposes, until the drought is relieved by a soaking rain.

Quite a number of people in this area have never donated to the operation of the fire departments of their respective communities. This should be a reminder that the fire department is a purely voluntary effort of public spirited citizens. The men who are members of it give of their time without recompense, and sometimes even risk their lives. When the fire whistle blows, workmen must stop in the middle of the work they are doing and get to the fire truck at once, as time is precious when a fire is raging, and lost time may mean much more than so many dollars, as lives are frequently involved. When they are called out to these fires sometimes the use of chemicals are necessary. These chemicals are costly, and must be replenished from time to time. Gas, too, is needed to operate the trucks. At a conservative estimate, every time the fire truck goes out it costs upwards of \$3.00.

People who donate, automatically become members of the fire protection area. Now, with these many calls, funds are getting rather low in the fire departments, and donations will be welcomed from those who up to this time have failed to contribute.

Blue Ballot Calls For a 'Yes' Vote

There seems to be prevalent a great deal of haziness and indecision regarding the Blue Ballot, on which voters will be asked to vote at next Tuesday's national election, on separate, special Blue Ballots. In compliance with law, Secretary of State Edward Barrett has mailed to every registered voter in Illinois a sample ballot giving reasons why voters should vote "yes" on the four propositions appearing on the Blue Ballot. These should be studied over carefully by every voter.

The amendments appearing on the Blue Ballot are an important part of the continuing Gate way program for good government and a modern state constitution. The main purpose of the Blue Ballot is to bring the Illinois constitution up to date. We are still operating under a state revenue article in our state constitution which was passed in 1870, and which has not been changed since.

The main objection against the Blue Ballot advanced by uninformed people is that its passage would give the legislature unlimited taxing powers. The reverse, however, is true. It will prevent the legislature from imposing a graduated income tax. It would empower the legislature to take the state sales tax off of food, something which at present is impossible.

One of the purposes of the Blue Ballot banking amendment is repeal of the double liability of stockholders of our state banks. For example, if a stockholder owned 10 shares in a bank valued at, say, \$100 each, making a total of \$1,000, he would, in case of the bank's failure, be required to put up an additional \$1,000, or a total of \$2,000, to cover his liability. However, since all deposits are now insured by state banks up to \$10,000 this is an unnecessary requirement, and as this is not a requirement of national banks, it is clear that this Blue Ballot banking amendment fails to pass at the forthcoming election on all state banks will be likely to become national banks, sooner or later. This would take the banks of our country out of the hands of the various states and place them all under federal control, something which many people have been opposing over a long period of years.

Regarding the other two propositions on the ballot, one would allow county sheriffs and county treasurers to succeed themselves in office—which is perfectly reasonable. The other would lift the constitutional limitations on the salaries of certain county officials who are still receiving 1870 wages—perfectly reasonable, also.

Those who are skeptical about the Blue Ballot should consider those who are endorsing it. A few of the endorsers are named below:

Illinois Republican Party; Illinois Democratic Party; Illinois Bankers association; Chicago Real Estate Board, Chicago Association of Commerce; Illinois Congress of Parents and Teachers; Illinois State Bar Association; Illinois Home Federation Bureau; Illinois Municipal League; Illinois Junior Chamber of Commerce; Chicago Tribune; Chicago Sun-Times, and many other metropolitan and country town newspapers.

Farmer Injured By Shotgun Discharge

Carpentier Has Good Constructive Record

Senator Arthur J. Bidwell, popular lawmaker who represents the suburban area at Springfield declared at a meeting Monday night that Charles

CHAS. F. CARPENTIER

Carpentier, candidate for Secretary of State is one of the most capable men to seek that office for many years. He pointed out Mr. Carpentier's record in the State Senate, where the Senator from Moline has carried on a relentless fight against high appropriations, reckless spending, and payroll padding. On the other hand he revealed that Senator Carpentier supported constructive legislation regardless of party lines. He related that Mr. Carpentier was especially cooperative with me and other Cook County legislators in the matter of legislation favorable to the county towns.

Flood control bills affecting Addison Creek and Flag Creek were just two bills which the aspirant for Secretary of State aided our own Senator. Others were County bills affecting the hospitals, Forest Preserves, Highways, Village schools and churches.

Senator Bidwell made a plea to citizens in the country towns to put forth extra effort to elect Senator Carpentier, who is a successful business executive and highly capable of operating the Secretary's office on an efficient and economical basis. He vouched for Carpentier's slogan "Honesty in Government" and reiterated that with his colleagues those words just weren't so much campaign talk. Knowing him as he does Senator Bidwell went all out in proclaiming that Senator Carpentier will carry out that pledge.

Mrs. Elizabeth Anderson, of Homer, has received a letter from Mrs. B. D. Brankey, of Homer, who with her husband and daughter, Rose, is touring Europe. In this letter Mrs. Brankey sends greetings to all of her friends. The letter, which is dated October 16, came from Amsterdam and tells of a pleasant tour through England, during which they saw the Shakespeare country, Oxford, West Minister, St. Paul's and many other interesting historic places.

The Brankeys went by train and boat to Holland, where, Mrs. Brankey says: "We went on the canals and saw fine cows by the thousands."

They were to leave for Brussels the following day, after which they expected to visit Berlin, Munich, Vienna, Soviet Austria, Rome and Paris (by plane) then leave for home November 23, arriving in New York November 27. They will then spend a few days with their daughter, Anna Mae, in Washington, D. C., returning to Illinois early in December.

PRIZES FOR BEST COSTUMES, HUGE BONFIRE, WEINIE ROAST

Appeal to Vets Made By Will Co. Unit of GOP Veterans Lg.

The Will County Unit of the Illinois Republican Veterans League has issued to the voters of Will County the following startling facts and figures which every voter must weigh next Tuesday when they go to the polls to select the man who will run their federal, state and local government for the next four years. These veterans feel that as for them the main issue of this campaign is the Korean War and its effect on our daily lives. Members of the Illinois Republican Veterans League are looking to the Republican cause to change the black picture that the Democrats have painted for the present and future of this nation of ours.

County Chairman, Dominic F. Boette, a World War II and Korean war veteran, points out that in Korea we have up to now lost 19,051 boys killed; 89,390 wounded, and 12,783 missing in action. 47,000 youths are now being drafted every month, and to date 1,100,000 American boys have been called up involuntarily.

The Republican party has promised peace and security in government. The Illinois Republican Veterans League wants all former veterans living in the county to consider these facts, and to band together to make this the great country they wanted it to be when they fought for it.

CROWDS FLOCK TO FALL FAIR AT FRANKFORT

The annual fall fair and festival held last Friday evening in the Frankfort public school was attended by a capacity crowd, and a good program was presented. Each class rendered a skit and sang songs; many wore Halloween costumes.

A variety of games added spice to the evening's entertainment, such as a cake walk, bingo, country store and a witch kettle. There was plenty of home-made candy and popcorn, and a lunch counter with sandwiches, and coffee.

Included among the exhibits which were brought in by the pupils, were scrap books, turtle, handicraft birds animals, bakery goods, vegetables, fruits, candy, models, fancy work, dolls, plants, and novelties.

Prizes were awarded to those whose exhibits were judged best by the committees. A list of the prize winning exhibitors will be published in next week's issue.

The Frankfort PTA and the teachers are grateful to all who in any way contributed toward making this evening the grand success that it was.

TEEN AGERS GIVE FABRIC, FASHION SHOW

A Fabric and Fashion Show was given by The Future Homemakers of America class of Consolidated High school of District 230, Orland Park, October 22 at 8 p. m. in the school auditorium.

The program was presented to show the members of the audience the advantages of dressmaking at home and to familiarize them with the properties of numerous fabrics on display.

A short musical program was furnished by the music department before Miss Ann Marie Lehr, president of the FHA chapter opened the program with a welcoming address. Twenty members of the class then modeled dresses furnished by McCall's School Service, a department of McCall Pattern Co., that lends dresses made from McCall patterns to teenage groups for Fashion shows. Commentary was read during the modeling by Eda Federici.

Miss Janet Sakanoff, fashion and fabric expert from Mary Ann Fabric Shop, Inc., of Chicago, was guest speaker for the evening.

Of particular interest to the audience were discussions and displays of the new synthetic fabrics, and the comparison of costs of ready made clothing and home sewn clothing of similar fabric and style.

As a gesture of good citizenship and community spirit, there will be a big parade in Mokena Halloween Eve, Friday night. The Amvet 5-Star Post 183 and their Auxiliary who are sponsoring this unique affair are asking all children to gather at the public school at 7 o'clock. It is suggested that they come in costume, but come anyway. All children in the community and surrounding area are invited.

From the school, the parade will proceed through the main streets of the village to the VFW hall on Wolf road, where members of the VFW will take over. They have arranged to have a huge bonfire, guaranteed not to get out of control, and will conduct a weenie roast.

The Amvets Auxiliary will award a number of prizes for the best costumes, funniest costumes, etc. Judges will be prominent citizens of Mokena.

It is expected that a great many people will gather along this line of march and also at the hall to view the costumes and participate in the general fun, as this Halloween parade is being looked forward to with a great deal of interest.

Frankfort to Show Sam Campbell's Scrapbook of N. W.

Sam Campbell and Fawn

Sam Campbell's famous color film, "Scrapbook of the Northwest," will be shown in Frankfort school gym October 31, at 8 p.m. The film is being presented under the auspices of the Frankfort Lions club. The pictures will be explained by Sam Campbell, himself, often referred to as the "Philosopher of the Forest," who has gained a wide reputation as author, lecturer and photographer. The color film is being brought to Frankfort by the Chicago and Northwestern railway system.

The fact that the Frankfort Lions club has been endeavoring for three years to get Sam Campbell to come to Frankfort with his great picture, is its own testimony of the popularity of this great color film-lecture.

Local Men Badly Burned by High Voltage Wires

Oliver Saxton, 70, of Mokena, and Raymond Loucks, 26, of Francis road, New Lenox township were severely burned Saturday noon when the hoist of a metal elevator they were attempting to move into a corn crib came in contact with some high voltage wires. The accident occurred on the Fred Shields farm on the Francis road in New Lenox township.

When the hoist touched the voltage wires the jolt from the 2400 volt wires threw both men backward. Had they fallen to the front, they would undoubtedly have been electrocuted, said Dr. E. H. McMahon, of Mokena, the attending physician. The men were loading corn into a crib on the farm when the accident happened.

Both men were taken to the Silver Cross hospital. Saxton suffered third degree burns about the hands, arms and feet. His condition was serious. Loucks sustained first and second degree burns about the hands, feet and chest.

A third farmer, George Mackey of New Lenox, who was assisting with the farm work, suffered a slight shock also. He did not however, need hospitalization.

Following is the history of the St. John's Evangelical church of Mokena which was founded March 1, 1862:

In the early days of 1842 the first German speaking families and individuals came from Europe to settle down as small farmers and farm hands. They were largely pious people with whom religion was a vital factor of good living. Many came out of the united Lutheran and Reformed church of Germany known now as "The Evangelical Church of Germany." For a number of years these early settlers were served by itinerant pastors. Under the leadership of Rev. William Meyer, arrangements were made for all Evangelical christians of the community to meet at the Mokena school house on March 1, 1862. On this day the church was constituted. In accordance with their old country church tradition the name "German United Evangelical St. John's Church" was chosen.

That these people had a mind to give adequate expression to religion is evidenced by the fact that they erected and dedicated a commodious church edifice that same year and dedicated it on September 20, 1862. This building served the congregation as worship center until April 15, 1923, when the present brick church was dedicated to meet the needs of the growing congregation.

In response to a pressing need the first service in the English language was introduced in 1907. Today there are only a few people in the community and (Continued to back page)

When we think straight, we vote straight. So let's think—think of the young men from Will County who are fighting in Korea. Think of the bungling Democrats and their Communist filled ranks who put them there. Think straight—and you'll vote straight—straight Republican. Think how much better off you'd be with lower taxes; think of having a political party in office which doesn't waste your hard-earned dollars. Think of the "five per centers", the "mink coats". Think of the high prices you pay for everything you buy—think of the Democrats who caused them. Think of the present Democrat Administration, the most corrupt, bureaucratic, bungling administration in the whole history of our country—think of what you want this country to be, now and for your children — think straight: you'll vote straight —straight Republican.

CARD OF THANKS

I wish to thank my many, many friends and relatives who remembered me with cards and gifts during my illness. May God bless you all.

CHRISTINE SCHMIDT

Mr. and Mrs. Everett Cooper and Mr. and Mrs. John Marti returned last Tuesday from a delightful 10 day trip to California. They made the trip by plane both ways, and after arriving at San Francisco, they used every kind of conveyance to cover a large area. They went by boat to the Catalina Island, took a Greyhound motor trip to Mexico, rented a car to make trips, and at San Diego visited Mrs. Marti's brother Ed. Nelson who spent some time with them on a tour in his car.

A son was born to Mr. and Mrs. Richard Sipple in Silver Cross hospital Friday, October 24. He weighed seven pounds, six ounces and has been named Roger Allan.

Mrs. John Cordano of St. Joseph, Mich., returned to her home Monday after spending a few days with her sister, Mrs. Fred Cappel and family.

Mr. and Mrs. Hugo Neithammer entertained at dinner in their home Saturday evening, Mr. and Mrs. Philip Reiter and sons, Ronald and Donald of Joliet.

Mrs. E. G. McMahon will entertain her pinocle club in her home Thursday afternoon, November 6.

A group of 13 high school pupils of Mokena attended the Ice Follies in Chicago Friday night.

Mrs. Hugo Neithammer and her Sunday school class of the Methodist church enjoyed a hike Sunday afternoon. They were accompanied by Mrs. Arthur Shoop and daughter Susie.

The pot luck supper, sponsored by the Methodist church men with Dean Rueckert in charge, in the school auditorium last Saturday evening, was largely attended. A magician, Leroy Harling, of Chicago, brother of Mrs. Lyman Teague, pleased the group with many acts. Magic acts is a hobby of Mr. Harling. A movie picture, "In His Steps" was also shown.

Mrs. Lydia Ryan will attend the piano recital Sunday afternoon in

Orchestra hall in Chicago, when Mal Cuzynski, last pupil of Padewski will be the artist. Mr. Cuzynski is world renown and always draws a large crowd.

Mrs. Lyman Teague entertained after school Tuesday, at a party in her home honoring her son Donald and his 6th birthday. Guests were Donald's classmates. Games were played and refreshments were served including a lovely birthday cake.

Mrs. Lydia Ryan will attend the first American tour of the Danish National orchestra in Chicago November 8. This tour is being sponsored by King Frederik IX of Denmark and is rated high among music lovers and musicians.

Mr. Fred Thiele, 82, who has been quite ill with pleurisy the past week is somewhat improved.

Mrs. W. H. Pitman and son George Lauffer are planning to motor to Memphis, Tenn., over the week end to visit their daughter and sister (Pat), Mr. and Mrs. Ernest D. Smith and family. The Smiths moved from Miami, Fla. to Memphis September 1, where he is in charge of the produce department of a chain store.

Alfred Hatch and sister, Mrs. Herman Grassel of Joliet will leave Saturday by motor for their home in St. Petersburg, Fla. Mr. Hatch has rented his Mokena home to Mr. and Mrs. John Cooper of Joliet. Mrs. Cooper is the daughter of Mr. and Mrs. Morry Larson.

All plans are completed for the masked party to be held in St. John's parlors this evening for all young people of Mokena. The Young People's league is sponsoring the affair which will start at 7 o'clock with a pot luck supper. Games will be played and a general good time planned.

The October Pack meeting was held in the school gym October 23. Dens one and five tied by having the most parents and Cubs present. As Den 1 had the honor of having the Honor banner for a month they allowed Den 5 to have it this month. Receiving badges were, Daniel Williams, Bear; Mark Muehler, Bear; Thomas Powers, gold and silver arrows. Wolf. Den 5 gave a skit followed by two movies on fishing. A treat was enjoyed. Mrs. Betty Halverson was welcomed as mother for Den 5. This Den will present the colors at the October PTA meeting and at the

November Pack meeting November 20 instead of the usual 4th Thursday due to Thanksgiving. At this meeting Bob Cats will be inducted. Cubs are requested to bring their parents, the Den having most parents present will have the honor banner.

"I Pledge to Vote" coat lapel buttons are being distributed by the "Get Out the Vote" committee of the Cook County Council of the American Legion.

State of Illinois Commander Perce F. Brautigam, of the American Legion, thought of this idea. It was then passed on to State of Illinois and Cook County Council Chairman Stanley A. Van Dyk.

Chairman Van Dyk commissioned Joan Hiatt, "Miss Chicago of 1947", to attach the first button on the lapel of Cook County Commander Irving Breakstone of the American Legion.

Over 400,000 will be distributed throughout the State of Illinois. Half of them will be in Cook county.

FARM JOURNAL SAYS: 'TIME FOR A CHANGE'

The following paragraphs are quoted from the Farm Journal, the largest and most influential farm magazine in the United States, with a circulation of 2,850,000 copies:

"No single argument will likely affect more votes this fall than the idea that 'it is time for a change.'

"For twenty years, under only two presidents, a single party has controlled the U. S. government. In two decades evils have had time to become so ingrained that only a complete change can root them out. After all, it is not enough merely to be tired of the same old faces and ideas.

"More than a half century ago Americans were alarmed at the monopolies of economic power which were being achieved by ruthless business groups. The danger was recognized by the party then in power. The Interstate Commerce Commission was

set up to police the railroads, the Sherman Anti-Trust Law was passed to restrain the industrial combinations. Other measures followed, until no business, industrial or financial group, had within its reach the means to exploit the people.

"Now monopoly of another and equally objectionable character has grown to undue power. The decree of a single union labor leader this spring stopped steel making in the U. S. for nearly two months. He was able not only to stop production, but to compel the White House and the agencies of government to back him up. His complete mastery prevented the administration from using the law passed by Congress which could have given his union members a chance to decide for themselves whether they wished to strike or to return to work. The suspension of production for so many weeks set back the defense program, caused unemployment in other lines, and interfered ruthlessly with the nation's normal activities.

"Now the country looks for-

ward to the possibility of another similar exercise of monopolistic power in coal. It is monopoly whenever one man or a few men can stop many thousands from working and can shut off necessary materials with no

regard for the welfare of the whole country.

"A change is needed to rescue the nation from these new monopolies."

Power for Need

Lesson for November 2, 1952

THERE are various kinds of power, and this lesson is not about most of them. For example there is mechanical power, and atomic power, and electrical power. There is armed force exerted by a nation, and there are all the forces of nature. We are not concerned directly with any of these. We will think not of one particular kind of power, but of any kind which is personally controlled and used, the power that every one has. Practically all human beings exert some kind of power. It may be the power of influence; it may be based on money; it may be political or social; it may be power to command, such as is held by sea-captains and labor bosses and office managers. The reader is invited to reflect on his own situation and concentrate his mind on whatever power, be it ever so small, which he himself exercises or can exercise when he pleases. Very few persons are complete Zeros.

Purposes of Prayer

Is it wrong, that is to say, un-Christian, to wish to be strong? Of course not. There is surely no virtue in weakness. To wish to be weak, or to be content with weakness, is no sign of a Christian. It depends on the motive behind the desire. Now power can be had, or wished for, for various reasons, bad and good. Some people like to be strong just to show off. A boy goes around bending his arm and showing the other boys what big muscles he has, just bragging. That may be all right for a boy (though the boaster is pretty sure to be thrown sooner or later). But when a grown man does the same thing he is just being childish. However, this is harmless compared with another common misuse of power; that is, using it to build up more power. We can see it in politicians who hold on to important positions even though they could be more useful in private life and though a dozen other men could do their job quite well as they can. We can see it even in the church, where some men like to get on and stay on important committees because then they can "crack the whip" over their brethren. Worst and meanest of all mis-uses of power is using it to hurt and crush others. We can see examples of this on the national scale, all through history. It scales all the way down to the blackmailer, who uses some bit of scandal that he knows about to ruin the lives of perhaps much better men.

Jesus and His Power

Now Christians have always before them an example of tremendous power, gently and generously used. Readers of this column will be divided into two classes. Some will take the stories of Jesus' miracles quite literally. Others will suppose that some of these stories may have been exaggerations of loyal memory. Let those who are skeptical about the miracle-stories give a thought to this: Even granting, for the sake of the argument, that every one of these miracle-stories is a "made-up" one; they surely would never have been invented about a weak man; and they never would have been told about a selfish one. The historians who are most full of doubts about Jesus agree and admit that he was a man of extraordinary power. And even if you thought (as this writer does not) that most of the tales of Jesus were wonder-tales and no more, the fact remains that these tales, every one of them, shows a Jesus who never uses power to show off, never uses it "just because," and seven times never uses it to hurt any one.

Power for Need

Jesus gives us the right Christian line. "As he is, so are we in this world," said one of his friends. Power is given us, as all the gifts of life are, for use in the name of God and the help of man. Whatever power we have, we possess as stewards. It makes no difference how obscure we may be, every one of us has some degree of power, of some kind. It may be a mother with her children, a teacher with his pupils, an older child with younger children, a business man with many employees, a judge on the bench or an officer in a 4-H club—if our decisions affect the life of even one other person, then God will ask us: Did your power hurt others, or help?

Louise Marie, daughter of Mr. and Mrs. L. Wydeveld, celebrated her 2nd birthday anniversary October 20.

Louis Knop of the Orland high school is one of the lads injured last Friday at the football game played in Yorkville. He suffered a broken bone in his left leg, which is now in a cast. He is now able to attend his classes at school with the aid of crutches.

Mrs. Charles Haehnlein, formerly of Orland Park, is now living in Wis. Her address is Route 2, Box 213, Butternut, Wis. She would enjoy hearing from her Orland friends.

Last Monday, Mabel Ekberg attended a 12:30 luncheon at Nantucket, which was given by

Senator and Mrs. Wm. McVey for the 4th Congressional Republican club. In the evening, she attended a testimonial dinner in honor of the Hon. Bertha D. Bauer, in the grand ballroom of the Conrad Hilton hotel.

Mrs. Clifford Horn is a patient under observation at the Little Company of Mary hospital. She entered the hospital a week ago Tuesday.

Jon Richard (Dick) Anderson is a patient in Billings Memorial hospital. He underwent a spinal operation last Friday and from reports he is doing nicely. It will be several months before Dick will be able to return to school. As the hours are long and lonesome in a hospital, he would welcome greeting cards from his classmates and friends.

Mr. and Mrs. Elmer A. Martz attended the christening of their grand daughter, Sunday, October 19 in Chicago. The baby was born September 30 to Mr. and Mrs. Henry Zienty of Chicago. Her mother is the former Florence Siminski, daughter of Mrs. Martz and a graduate of Orland Park high school.

American way, not Joe Stalin's way.

Last Thursday evening the Post met in open session, after which games were played followed by a luncheon. Everyone present enjoyed themselves.

Again we remind everyone of the coming Masquerade Ball Saturday evening, November 1, sponsored by the VFW Drum and Bugle Corps. If you want fun, you must come. The first of a series of games will start Friday evening, November 7.

Wm. Martin Post wishes to thank Mrs. Anton Benson very kindly for her recent donation to the building fund.

ST. JOHN'S OBSERVES—

(Continued from front page)

church who can speak German. Language is no longer a barrier which could exclude people from this church.

Through all the changes of the years the church has continued to this day in the spirit of the unity of Christian believers. The church is a part of the Evangelical and Reformed Church, in which christian unity is generic. Today the church is in effect a community church. It carries the slogan "A Church for all Christian people".

Although the church edifice dedicated in 1923 was thought to be adequate for all future needs it is now found to be lacking in space for the fast growing Sunday school and other church activities. A building fund has been created which will eventually result in an addition to the church.

The church also has control of one of the most beautiful cemeteries in this area which is not restricted to church members with an endowment fund for perpetual care. It operates under a separate charter and board.

St. John's church has prospered under several long pastorates. The Rev. Carl Schaub served from 1873 to 1910, Rev. William Kreis from 1917 to 1925, and the present pastor, Rev. William J. Riemann, has served the church since 1943.

The present church officers are the Messrs. Roy Kropp, president; Roy Kohl, 1st vice president; Norman Yunker, 2nd vice president; Wesley Cappel, Rec. Sec'y.; Ervin Manzke, Fin. Sec'y.; Clarence Laufer, Treasurer.

The fast growing Sunday

school is well staffed with teachers and leaders. The superintendent is Adolph Steen. Other leaders are Mrs. Roy Kropp, children's division leader; Mrs. Chas. Swanberg, primary superintendent; Mrs. W. A. Muehler, Kindergarten superintendent; Mrs. Richard Erickson, Nursery superintendent and Mrs. Paul Rauch, Cradle Roll superintendent.

The oldest living member of the church is Mr. Frank Hirsch, 90 years, coincides with that of the church. His father, Charles Hirsch, operated a general store grain elevator and farm at one time. Frank and his two brothers regularly milked from 20 to 25 cows by hand morning and evening. They operated a small milk depot in Chicago for a time where they had a horse and wagon from which they sold milk at 5c for a large dipperful. After his marriage to Phillipine (Phebe) Zahn he worked for the Rock Island Railroad for 17 years as fireman and engineer. His salary at that time was never over \$1.75 per day with no overtime pay. After he left the railroad service he and his wife operated a hotel and tavern for 40 years. Traveling men, Bowman Dairy company officials and others were their hotel patrons. Dinners were served to groups at 50c a plate. For the past 12 years Mr. Hirsch has lived in retirement. Due to a physical handicap he is no longer able to walk the steps leading to the church. He does not fail to listen to the radio religious programs. His favorite on Sunday mornings being "The Little Brown Church" conducted by Dr. Holland.

DISC HARROWS WILL NOT GOUGE IN ON THE TURNS!

MM model 11A disc harrow turns in as small a radius as any row-crop tractor. Tension springs hold the gangs in a level position so that the harrow penetrates at a uniform depth over its full width. With this construction the harrow is flexible for good work on uneven ground, and one side or the other does not dig in on turns.

Ease of angling is another outstanding feature. A touch on MM's new hydraulic control, called Uni-Matic Power, makes adjustment of disc angle on the go a simple matter. If your old harrow needs replacing, drop in to see us. We think MM harrows offer you the most in good performance, economy, and dependability.
